Dear resident,

Re: Night works on Barclay Road Bridge, North Rocks commencing 18 April

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. We aim to provide an efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take around two years to complete.

As part of the upgrade, the northern span of Barclay Road Bridge will be lengthened by approximately 4 metres and a new abutment built. This major work will take approximately 22 months to complete.

Approved hours of night works are from 8pm to 5am. This work is scheduled to take place on the dates shown over the page. Key activities include:

- Line marking removal and line re-marking
- Installation of concrete barriers

This work requires lane closures of the bridge at night due to the high volume of traffic during daytime peak periods. During this work one traffic lane in each direction will remain open. Pedestrian and cyclist access will be maintained, with diversions in place.

Machinery and equipment used will include flood lights, crane, excavator, delivery trucks, light vehicles and small tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms that make a "quacking" rather than a "beeping" sound.
- Shrouding all stationery equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillm2upgrade.com.au

The community complaints and information line 1800 196 266 will be attended day and night during construction. Complaints received will be responded to within two hours and we will investigate the complaint as soon as possible. If you have any questions or would like to provide feedback please contact us on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
