Our Reference: N0180

Dear resident,

**Re: Night work on Barclay Road Bridge commencing 21 September**

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

Work to lengthen the Barclay Road Bridge commenced in April. As part of this work, deck stressing and cable installation will be undertaken above and below the bridge to strengthen the bridge deck.

This work will commence on 21 September. Refer to the map over the page for more details. This work will be undertaken at night between 8pm and 5am when traffic volumes on the motorway are lower.

The eastbound carriageway of the motorway will be closed during this work and traffic will be diverted to the westbound carriageway under a contra flow arrangement. Traffic access across the Barclay Road Bridge will be maintained during the work.

Machinery and equipment used will include elevated work platforms, hammer drills, generators, lighting towers and hand tools. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the Hills M2 Upgrade Noise Management Fact Sheet which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au).

**The community complaints and information line 1800 196 266 (select option 2)** will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Regards

Sanjin Muhic  
Hills M2 Upgrade Community Relations Manager
