

17 November 2011

Our reference: N0208

Dear resident,

Please note change of date

Re: Traffic management changes on Barclay Road, North Rocks starting 24 November

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and will be completed in early 2013.

As part of the upgrade, the northern span of Barclay Road Bridge will be lengthened by approximately four metres and a new abutment built. To accommodate this work, traffic on the bridge was reduced to one lane in each direction in April 2011.

From 24 November 2011, the through traffic lanes will be realigned from the eastern side of the bridge to the western side of the bridge. This will allow the next stage of construction to commence.

The realignment of traffic lanes will be undertaken between 8pm and 5am when traffic volumes on Barclay Road are lower. During the realignment, traffic controllers will direct motorists safely through the work area. Please drive carefully and follow the signs. Your cooperation and patience are greatly appreciated during this essential upgrade work.

Pedestrian access to the Barclay Road bus stop ramp will be maintained along the western side of the bridge. Key activities will include:

- Moving temporary concrete traffic barriers
- Line removal and line marking

Machinery and equipment required for this work includes line marking and removal equipment, a crane, lighting towers, trucks and hand tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding stationary equipment and using hoarding where possible.

For more information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Team
