Our reference: N0293

Dear resident,

Re: Realignment of the Beecroft Road citybound on ramp, Beecroft commencing 30 January

Significant progress has been made on the Hills M2 Upgrade since work started in January 2011. The upgrade will be completed in the first half of 2013. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access to the motorway.

As part of the upgrade, the traffic lanes on the citybound Beecroft Road Bridge onramp will be adjusted. This will allow the next stage of motorway widening work to be undertaken on the citybound carriageway underneath Beecroft Road Bridge. This work will be undertaken at night from **8pm to 5am** when traffic volumes on the motorway are lower. Please see dates of night work and location over the page.

Work activities

This work includes moving concrete traffic barriers and realigning the traffic lanes by changing the line markings. Machinery and equipment required for this work includes a crane, trucks, light vehicles and line marking and line removal tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.

For more information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic changes

Traffic controllers will maintain access to the onramp. The speed limit on the ramp will be reduced to 40 kph. Please follow the signs and drive with care.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
