PLEASE NOTE: NIGHT WORK DATE CHANGES

Dear resident,

Re: Weekend night work and partial lane closures on Beecroft Road Bridge, Beecroft starting 25 November

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

The M2 Motorway will be widened by one lane in each direction underneath Beecroft Road Bridge. To facilitate widening at this location, modifications will be made to the concrete piers that support the bridge. Workers, equipment and trucks will be situated on the northbound lanes of Beecroft Road Bridge and on the westbound shoulder lane of the motorway. This work will be carried out over three weekends during the day (weather permitting). Some of this work will be carried out at night when traffic volumes are lower. Please see the map and table for the dates of night work.

Machinery and equipment used includes lights, concrete delivery trucks, concrete pumps, light vehicles and hand tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For further information about how the project team will manage noise, please refer to the M2 Upgrade Noise Management Fact Sheet which is available on the project website www.hillsm2upgrade.com.au

Traffic management on Beecroft Road Bridge:

The northbound lanes of Beecroft Road at the Beecroft Road Bridge will be closed from 8pm Friday to 12 noon Saturday for three weekends, commencing Friday 25 November. Traffic will be diverted to the southbound carriageway, one lane in each direction. **A reduced speed limit of 40km/hr will be in place from 8pm on Friday to 5am on Monday.** The reduced speed limit is being extended after the work finishes at noon on Saturday to reduce vibration on the bridge while the newly poured concrete cures. Please drive carefully and follow the signs.

The **community complaint and information line 1800 196 266** (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Team
