

7 November 2011

Our reference: N0217

Dear resident,

Re: Scaffolding removal and bridge deck stressing on Beecroft Road Bridge, starting 14 November

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

Scaffolding on the southern abutment of Beecroft Road Bridge will be removed and the bridge deck will be stressed using a hydraulic jack to allow widening work to continue. This work will be carried out at night when traffic volumes on the motorway are lower. The work will start on 14 November, weather permitting. Please see the map and table over the page for more details.

Machinery and equipment required for this work includes lighting towers, trucks, hammers, a hydraulic jack, grout pumps and hand tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

During this work the westbound shoulder lane on the motorway will be closed under the bridge. Traffic controls will be in place and speed limits will be reduced to 40km/h. Please drive carefully and follow the signs.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Team
