

13 July 2011

Our Reference: N0141

Dear resident,

**Re: Night work commencing 20 July between Murray Farm Road and Beecroft Road, Beecroft**

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the widening works, sections of asphalt patches on the motorway will be removed at three locations between Murray Farm Road and Beecroft Road, Beecroft.

This work will be undertaken between 20 and 27 July at the times and locations shown over the page. Due to the high volume of traffic during the day, this work will be undertaken at night between 8pm and 5.30am. Asphalt removal will not be undertaken more than two nights in a row per week at each location.

Work activities

Machinery and equipment needed for the work includes an asphalt milling machine, tipper trucks, light vehicles, a road sweeper and lighting towers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

Traffic arrangements

Traffic will be diverted to the opposite carriageway under a contra flow arrangement. Please follow the signs and directions of traffic controllers and drive with care.

For more information about how the project team will manage noise, please refer to the Hills M2 Upgrade Noise Management Fact Sheet which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au)

**The community complaints and information line 1800 196 266 (select option 2)** will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Regards

Sanjin Muhic  
Hills M2 Upgrade Community Relations Manager
