

14 March 2011

Our reference: Christie Road compound\_AN\_1

Dear resident,

**Re: Christie Road, Macquarie Park compound establishment**

The Hills M2 Upgrade will widen the existing motorway generally between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West.

Major work started in January 2011 and is expected to take around two years to complete. Work at the Christie Road compound is due to start in the week beginning 14 March. The compound will support construction of the new Christie Road eastbound on-ramp, new Herring Road westbound off-ramp and widening work at Talavera Road, and will include site amenities and facilities for staff. Please refer to the map over for further details.

Work to set up the compound will take about 2 weeks and will be undertaken during standard construction hours, Monday to Friday from 7am to 6pm and Saturday from 8am to 1pm. If night work is required a separate notification will be provided to potentially affected residents with dates and details at least seven days prior to start of these works.

This compound will be in use infrequently on a 24 hours basis for the duration of the project. During the night, activities would mainly be routine office operations and the movements of light vehicles to and from the site.

Work to set up the compound will include:

- Installation of sediment controls
- Erecting a safety fence around the site.
- Clearing of work area and earthworks
- Installation of services and lighting.
- Setting up of temporary office buildings.

Clearing of vegetation at the site will be minimised by retaining mature trees wherever possible.

**The community information line 1800 196 266** will be attended during the day and night during construction. Complaints received will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have a question or would like to provide feedback please contact the project team on the project 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au)

Kind regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
