

Hills M2 Upgrade

17 October 2011

Our Reference: N0203

Dear resident,

Re: Night work on the Hills M2 west of Windsor Road, Baulkham Hills starting 24 October

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the upgrade, temporary concrete barriers will be installed along Hills M2 eastbound and westbound carriageways west of Windsor Road, Baulkham Hills. This work will be undertaken at night from 8pm to 5am on Monday and Tuesday nights for three weeks from 24 October, weather permitting. Please see the table over the page for further details.

Machinery and equipment used will include light vehicles, a small crane, two trucks, hand tools and lighting towers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au

The community complaints and information line 1800 196 266 (select option 2) will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
