

Hills M2 Upgrade

31 January 2012

Our Reference: N0321

Dear resident

Re: Critical night work on the Hills M2 near Culloden Road, Macquarie Park, starting 2 February 2012

Significant progress has been made on the Hills M2 Upgrade since major work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access on the motorway. The upgrade will be completed in the first half of 2013.

Critical rectification work will be undertaken to repair a drain and drainage pit on the citybound carriageway from Busaco Road to east of Culloden Road, Macquarie Park. This work will be undertaken at night from **8pm to 5am** when traffic volumes are lower. The dates of night work are shown over the page.

Work Activities

Machinery and equipment needed for this night work includes light vehicles, concrete trucks, hammer drill, hand tools, generator and lights. You may experience increased noise levels during this work. We will take measures to keep this to a minimum, including:

- Complete saw cutting, hammering and drilling before midnight.
- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.

Traffic arrangements

Work will be undertaken on the citybound carriageway and traffic will be diverted to the opposite carriageway under a contra flow arrangement. Speed limits will be reduced to 40km/h through the work zone. Please drive carefully and follow the signs.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
