Dear resident,

Re: Night work to strengthen the motorway road pavement between Darling Mills Creek Bridge and Barclay Road, North Rocks commencing 21 November

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the pavement widening, a process known as "cross stitching" will be undertaken to strengthen the existing road pavement on the eastbound carriageway of the motorway between Darling Mills Creek Bridge and Barclay Road Bridge. This will involve drilling into the surface of the concrete pavement and placing grout and reinforced steel bars into the drilled holes.

The work will start near the Darling Mills Creek Bridge and move east along the motorway. This activity will be carried out in blocks of two nights per week at each location from Monday, 21 November to Wednesday, 21 December 2011. The work dates are shown over the page.

The work will be undertaken at night between 8pm and midnight when traffic volumes on the motorway are lower. The eastbound carriageway will be closed during this work and traffic will be diverted to the westbound carriageway under a contra flow arrangement. There will be speed reductions in place during the work.

Machinery and equipment used will include light vehicles, hammer drills, generators, industrial vacuum cleaner, lighting towers and hand tools. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
