Our Reference: N0144

Dear resident,

Re: Night work commencing 30 August at Devlins Creek Bridge, Beecroft

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of widening work additional piers are being constructed at the Devlins Creek Bridge. Piling for the foundations of the new piers will be undertaken on the eastbound carriageway on the dates shown over the page.

Due to the high volume of traffic during the day, the majority of work will be carried out at night between 8pm and 5.30am when traffic volumes on the motorway are lower. During this work, the two eastbound lanes closest to the median (bus lane and fast lane) will be closed on the motorway at Devlins Creek Bridge.

Machinery and equipment needed for the work include a piling rig, concrete pumps, support trucks and lighting towers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how the project team will manage noise, please refer to the Hills M2 Upgrade Noise Management Fact Sheet which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
