

Hills M2 Upgrade Community Information Sessions

Major construction of the Hills M2 Upgrade commenced in January 2011.

The upgrade will widen the existing motorway generally between Windsor Road, Baulkham Hills, and Lane Cove Road, North Ryde, and deliver four new ramps to improve access to the motorway. The upgrade is expected to be completed in early 2013.

Community information sessions will be held during May 2011. Members of the community are invited to drop in to speak with the project team about work programmed in their area. Refreshments will be provided and street parking is available.

Central zone

Tuesday 3 May 5pm – 7.30pm

Epping Heights Public School
128 Kent Street, Epping
