30 November 2011

Dear resident,

PLEASE NOTE: NIGHT WORK DATE CHANGES

Re: Night work on the Hills M2 underneath Murray Farm Road Bridge at Beecroft, commencing 7 December

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take around two years to complete.

As part of the widening work, scaffolding will be installed on the central median pier of Murray Farm Road Bridge. This work will be undertaken between 8pm and 5am on the dates shown over the page.

Machinery and equipment needed for this work includes lights, hand tools, generator and delivery trucks. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For further information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

This work requires closure of the fast (right) lane of the westbound carriageway. There will be speed reductions in place during the work, please drive carefully and follow the signs.

The community complaints and information line 1800 196 266 (option 2) will be attended day and night during construction. Complaints will be responded to within two hours and an investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
