

11 January 2012

Our reference: N0270

Dear resident,

Re: Night work to pour the new deck at the Yale Close Bridge, North Rocks commencing 16 January

Significant progress has been made on the Hills M2 Upgrade since work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access to the motorway. The upgrade will be completed in the first half of 2013.

Concrete will be poured along the westbound carriageway of the motorway to join the existing Yale Close Bridge deck to the newly widened bridge deck.

This work will be undertaken at night when traffic volumes are lower, from **8pm to 7am** on the dates shown over the page.

Work Activities

The concrete pour will be completed by around 1am. Traffic control, including a reduced speed limit will be in place until 7am to allow the new concrete to set.

Machinery and equipment needed for this work includes lights, concrete trucks, concrete vibrators, lighting towers, light vehicles and hand tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.
- Shrouding stationary equipment and using hoarding where possible.

For further information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

The westbound carriageway of the motorway will be closed during the concreting work. Traffic will be diverted to the eastbound carriageway under a contra flow arrangement. Speed will be reduced to 40km/h at this location, please follow the signs and drive with care.

The community complaints and information line 1800 196 266 (select option 2) will be attended day and night during construction. Complaints received will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
