

11 November 2011

Our reference: N0226

Dear resident,

Re: Relocation of existing noise wall on the Hills M2 west of Murray Farm Road Bridge, Beecroft commencing 14 November.

The Hills M2 Upgrade will widen the existing motorway generally between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West.

As part of the upgrade, a 20m section of existing noise wall along the westbound carriageway of the motorway west of Murray Farm Road Bridge will be relocated (see map over).

This work involves removing the existing noise wall and constructing a new permanent noise wall closer to residences in the same location. The existing noise wall will be removed in sections and replaced with the new wall within seven days. Residents may experience an increase in traffic noise during this period. We apologise for any inconvenience caused.

This work is scheduled to start on Monday 14 November and will take approximately one week to complete. The new noise wall will be the same height as the existing noise wall and made of similar material.

Work will be undertaken during standard construction hours, Monday to Friday from 7am to 6pm and Saturday from 8am to 1pm.

The community complaints and information line 1800 196 266 (select option 2) will be attended day and night during construction. Complaints received will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
