

Hills M2 Upgrade

Hills M2

2 December 2011

Our Reference: N0246

Dear resident,

Re: Night work near Busaco Road and Culloden Road, Marsfield, starting 9 December 2011

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to be completed in early 2013.

As part of the upgrade, existing concrete barriers in the central median of the motorway will be removed near Busaco Road and Culloden Road, Marsfield. This work will be undertaken at night from 8pm to 5am when traffic volumes are lower. The dates of work are shown over the page .

Machinery and equipment used will include excavators, trucks, lighting towers, hand tools, saws and hammers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Complete saw cutting and hammering by midnight.
- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

Traffic on the eastbound carriageway will be diverted to the westbound carriageway under a contra flow arrangement to create a safe work zone. Speed limits in the contra flow area will be reduced to 40 kph. Please follow the signs and drive with care.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
