

# Hills M2 Upgrade

Hills M2

27 December 2011

Our Reference: N0260

Dear resident,

**Re: Night work to install temporary concrete barriers near Langdon Road and Cropely Drive overpasses, Baulkham Hills starting 3 January**

Significant progress has been made on the Hills M2 Upgrade since work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access to the motorway. The upgrade is scheduled for completion in the first half of 2013.

Temporary concrete barriers will be installed at two locations along the citybound carriageway of the Hills M2 near Langdon Road and Cropely Drive overpasses, Baulkham Hills. This work is to set up the work zones to install traffic signage for the new Windsor Road off ramp. Work will be undertaken at night from 8pm to 5am on Tuesday 3 and Wednesday 4 January, weather permitting. Please see the table over the page for further details.

Work activities

Machinery and equipment used will include light vehicles, a small crane, trucks, hand tools and lighting towers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.
- Shrouding stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au)

Traffic arrangements

The slow (left hand) lane of the citybound carriageway between Langdon Road and Copeley Drive will be closed during this work. Traffic controls will be in place and speed limits in this area will be reduced to 40km/h. Please drive carefully and follow the signs.

**The community complaints and information line 1800 196 266 (select option 2)** will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
