Dear resident,

Please note change of work dates

Re: Night work on the M2 Motorway between Oakes Road and Yale Close, North Rocks commencing 1 February

Significant progress has been made on the Hills M2 Upgrade since work started in January 2011. The upgrade is scheduled for completion in the first half of 2013. The project will deliver significant benefits to the community including reduced congestion, faster travel times and improved access to the motorway.

As part of the upgrade, a process known as “cross stitching” will be undertaken to strengthen the existing road pavement on the eastbound and westbound carriageways of the motorway between Oakes Road and Yale Close, North Rocks. This involves drilling holes into the surface of the concrete pavement and placing grout and steel bars into the holes.

The work will be undertaken over two consecutive nights each week and take nine weeks to complete, weather permitting. This work will be undertaken on the dates and locations shown over the page.

Due to the high volume of traffic during the day, this work will be undertaken at night between 8pm and 5.30am when traffic volumes on the motorway are lower. One lane in each direction will remain open at all times and traffic will be diverted to the opposite carriageway under a contra flow arrangement. There will be speed reductions in place, please follow the signs and drive with care.

Machinery and equipment used will include light vehicles, hammer drills, generators, industrial vacuum cleaner, lighting towers and hand tools. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Completing drilling by midnight
- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
