

16 January 2012

Our reference: N0284

Dear resident,

Re: Night work to relocate concrete barriers on the Hills M2 west of Windsor Road, Baulkham Hills commencing 23 January

Significant progress has been made on the Hills M2 Upgrade since major work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access on the motorway. The upgrade will be completed in the first half of 2013.

As part of the work to construct the new west facing ramps at Windsor Road, the temporary concrete barriers that form site access gates along the Hills M2 west of Windsor Road will be relocated. Concrete barriers will be moved on the east and westbound carriageways in order to accommodate the new site access locations.

Work activities

This work will be undertaken at night from 8pm to 5am when traffic volumes on the motorway are lower. Work will be carried out on the dates shown over the page. Machinery and equipment required for this work includes a small crane, trucks, rattle guns, and lighting towers. You may experience increased noise levels during this work. We will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au

Traffic impacts

Slow (left hand) lane of the eastbound and westbound carriageways of the motorway will be closed during this work. Traffic controls will be in place and speed limits will be reduced to 40km/h. Please drive carefully and follow the signs.

The community complaints and information line 1800 196 266 (select option 2) will be attended day and night during construction. Complaints received will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
