

Hills M2 Upgrade

Hills M2

20 January 2012

Our Reference: N0298

Dear resident,

Re: Night work to remove signage, realign traffic lanes and install temporary concrete barriers on the Pennant Hills Road westbound on ramp and citybound off ramp.

Significant progress has been made on the Hills M2 Upgrade since work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access to the motorway. The upgrade will be completed in the first half of 2013.

As part of work to convert the motorway to cashless toll collection by 30 January, new line marking will be painted and temporary concrete barriers installed on the Pennant Hills Road westbound on ramp and citybound off ramp. Removal of cash toll signage will also take place during this time.

Work will be undertaken at night from **8pm to 5am on Tuesday 24 January and Sunday 29 January** when traffic volumes are lower, weather permitting. Please see the table over the page for further details.

Work activities

Machinery and equipment used for the work includes line marker truck, an elevated work platform, hand tools, trucks, light vehicles and day makers. You may experience increased noise as a result of the work. The project team will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au

Traffic changes

The slow (left hand) lane on the westbound on ramp and the fast (right hand) lane on the citybound off ramp will be closed during this work. Access to and from the motorway will be maintained at all times. Speed limits on the ramps will be reduced to 40 kph. Please follow the signs and drive with care.

The community complaints and information line 1800 196 266 (select option 2) will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
