

9 August 2011

Our reference: N0160

Dear resident,

Re: Road sweeping at night on the motorway near Busaco Road, Marsfield 16 and 30 August

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take around two years to complete.

As part of the upgrade, road sweeping will be undertaken at night on the eastbound carriageway of the motorway, east of Busaco Road. This work involves a road sweeping machine removing debris from the construction exit lane at this location.

Work will be carried out at night between 8pm and midnight when traffic volumes on the motorway are lower. Please refer to the table over the page for the dates this work is scheduled.

Machinery and equipment needed for this work includes a road sweeping machine, light vehicles and lighting towers.

You may experience increased noise levels as a result of this activity. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillm2upgrade.com.au

The left (slow) lane of the eastbound carriageway will be closed during this work. There will be speed reductions in place, please follow the signs and drive with care.

The community complaints and information line 1800 196 266 (select option 2) is attended day and night during construction. Complaints received will be responded to within two hours and we will investigate the complaint as soon as possible. If you have any questions or would like to provide feedback please contact us on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
