PLEASE NOTE: NIGHT WORK DATE CHANGES

Dear resident,

Re: Night work to saw cut the new road pavement between Devlins Creek Bridge and Murray Farm Road Bridge, Beecroft commencing 27 October

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the widening works, saw cutting of the new road pavement will be undertaken on the westbound carriageway of the motorway between Devlins Creek Bridge and Murray Farm Road Bridge, Beecroft. Saw cutting reduces the risk of cracking and long-term pavement failures.

The new road pavement must be saw cut within 6 hours of concrete being poured. The concrete will be poured during the day and the saw cutting will continue at night.

This work will be undertaken between 8pm and 5.30am on the dates shown over the page. Because this work is noisy saw cutting will not be scheduled for more than two nights per week at each location to reduce noise impacts on nearby residents.

Work activities

Machinery and equipment needed for the work includes concrete saws, a light tower, work vehicles, air blowers and an industrial vacuum. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.

For more information about how the project team will manage noise, please refer to the Hills M2 Upgrade Noise Management Fact Sheet which is available on the project website www.hillsm2upgrade.com.au

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
