

25 October 2011

Our reference: N0220

PLEASE NOTE: NIGHT WORK DATE CHANGES

Dear resident,

Re: Traffic switch and scaffold removal on the Hills M2 underneath Murray Farm Road Bridge, starting 24 October

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

The current work zone on the eastbound breakdown lane under Murray Farm Road Bridge will move to the central median to allow motorway widening work to continue. This work will be carried out at night when traffic volumes are lower. The work will start on 24 October, weather permitting. Please see the map and table over the page for more details.

Work activities

This work includes removing scaffolding, moving temporary concrete traffic barriers and realigning the traffic lanes by changing the line markings. Machinery and equipment required for this work includes lighting towers, hand tools, a water blaster, a crane, a generator, trucks and hand tools. You may experience increased noise levels as a result of this work. We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how the project team will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

During this work the city bound lanes of the motorway will be closed under the bridge and traffic will be diverted to the westbound carriageway under a contra flow arrangement. Traffic controls will be in place and speed limits will be reduced to 40km/h in the contra-flow. Please drive carefully and follow the signs.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards,

Sanjin Muhic

Hills M2 Upgrade Community Relations Team
