

8 December 2011

Our reference: N0236

Dear resident,

**Re: Night work to remove temporary noise wall on the Hills M2 west of Kent Street Footbridge commencing 15 December, 2011**

The Hills M2 Upgrade will widen the existing motorway generally between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to be completed in early 2013.

As part of the upgrade, several temporary noise walls were constructed alongside the motorway to allow removal of old noise walls so widening work could be undertaken. The temporary noise wall on the westbound carriageway of the motorway west of Kent Street footbridge, Epping, can now be removed as a new permanent noise wall has been installed in this area.

The temporary noise wall will be removed at night, between 8pm and 5am, when there is less traffic on the motorway. Please refer to the table over the page for the dates of work.

Machinery and equipment required for this work includes light vehicles, small tools, generators and lighting towers. You may experience increased noise levels during this work. We will take measures to keep this to a minimum, including using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au)

Traffic impacts

The left-hand lane (slow lane) of the westbound carriageway near the footbridge will be closed during this work. Speed limits on this section of the westbound carriageway will be reduced to 40km/h. Please drive carefully and follow the signs.

**The community complaints and information line 1800 196 266 (select option 2)** will be attended day and night during construction. Complaints received will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Kind regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
