Dear resident,

PLEASE NOTE DATE CHANGES

Re: Night work on Terrys Creek Bridge, North Epping commencing 2 May

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

Terrys Creek Bridge will be widened approximately nine metres on the north side of the motorway to accommodate widening of the eastbound and westbound carriageways. This work requires the delivery and installation of a tower crane next to the bridge. Set up of the tower crane requires lane closures on the motorway and will be undertaken at night from 8pm to 5.30am. Key activities include:

- Traffic management.
- Tower crane delivery via noise wall gate behind Woodvale Avenue.
- Tower crane set up.

This work is scheduled to take place on the dates shown over the page.

Machinery and equipment used will include flood lights, generator, cranes, and delivery trucks. You may experience increased noise levels as a result of this work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.
- Shrouding all stationery equipment and using hoarding where possible.

For further information about how the project team will manage noise, please refer to the *M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillm2upgrade.com.au

The community complaints and information line 1800 196 266 will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Kind regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager
