

Hills M2 Upgrade

Hills M2

9 February 2012

Our Reference: N0328

Dear resident

Re: Night work on the Hills M2 between Culloden Road and Christie Road, Macquarie Park, continuing from 20 February 2012

Significant progress has been made on the Hills M2 Upgrade since major work started in January 2011. The project will reduce congestion and travel times during the busy morning and afternoon periods and improve access on the motorway. The upgrade will be completed in the first half of 2013.

As part of the upgrade, new traffic arrangements will be set up on the motorway near Culloden Road, Marsfield to allow widening work to commence in the westbound shoulder of the motorway. This work will be undertaken at night from **8pm to 5am** when traffic volumes are lower. The dates of work are shown over the page.

Work activities

This work includes moving temporary concrete traffic barriers and realigning the traffic lanes by changing the line markings. Machinery and equipment required for this work includes a crane, a generator and line removal tools. You may experience increased noise levels as a result of this work.

We will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a “quacking” sound instead of a “beeping” sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website www.hillsm2upgrade.com.au.

Traffic arrangements

Work will be undertaken on both carriageways and traffic on the motorway will be diverted to the opposite carriageway under a contra flow arrangement during the work. Speed limits on this section of the motorway will be reduced to 40km/h. Please drive carefully and follow the signs.

The community complaints and information line 1800 196 266 (select option 2) will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager
