Dear resident,

**Re: Night work scheduled to commence 18 July near Christie Road, Macquarie Park**

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

The current work zones located on both sides of the motorway near Christie Road Bridge will move to allow the motorway widening work to continue. Relocating the work zones involves moving the temporary concrete traffic barriers and realigning the traffic lanes by changing the line markings.

This work will be undertaken over a total of five nights between 8pm and 5.30am when traffic volumes along the motorway are lower. For three nights of work, one lane will be closed on the westbound carriageway and a partial lane closure will be in place on the Herring Road on-ramp. One eastbound lane on the motorway will be closed on two nights. Please refer to the map over for more information.

Machinery and equipment used includes trucks, a water blaster, two 20 tonne cranes, hand tools, lighting towers and light vehicles.

You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the Hills M2 Upgrade Noise Management Fact Sheet which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au).

**The community complaints and information line 1800 196 266 (select option 2)** will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).
