Dear resident,

Re: Night work to strengthen the road pavement between Vimiera Road and Culloden Road, Marsfield commencing 6 July

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the motorway widening work, a process known as "cross stitching" will be undertaken to strengthen the existing road pavement on the eastbound carriageway of the motorway between Vimiera Road and Culloden Road, Marsfield. This will involve drilling holes into the surface of the pavement and then reinforcing the holes with grout and steel.

This activity will be moving along the motorway in blocks of two nights in a row on the dates shown over the page. This work will be undertaken at night between 8pm and midnight when traffic volumes on the motorway are lower. The eastbound carriageway will be closed during this work and traffic will be diverted to the westbound carriageway under a contra flow arrangement.

Machinery and equipment used will include light vehicles, hammer drills, generators, industrial vacuum cleaner, lighting towers and hand tools. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the M2 Upgrade Noise Management Fact Sheet which is available on the project website www.hillsm2upgrade.com.au.

The community complaints and information line 1800 196 266 will be attended 24 hours per day, 7 days per week during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email enquiries@hillsm2upgrade.com.au.

Regards

Sanjin Muhic
Hills M2 Upgrade Community Relations Manager

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone the M2 Upgrade project information line on 1800 196 266. Our business hours are 8.30am to 5.00pm Monday to Friday.
