Dear resident,

**Re: Night work to remove asphalt on the motorway between Yale Close and Oakes Road**

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

As part of the widening works, existing asphalt patches on the motorway will be removed at two locations between Yale Close, North Rocks and Oakes Road, Carlingford.

This work will be undertaken between 18 and 27 July on the dates and locations shown over the page. Due to the high volume of traffic during the day, this work will be undertaken at night between 8pm and 5.30am when traffic volumes on the motorway are lower. During the asphalt removal, at least one lane in each direction will remain open at all times and traffic will be diverted to the opposite carriageway under a contra flow arrangement.

Machinery and equipment needed for the work includes asphalt milling machine, tipper truck, light vehicles, road sweeper and a lighting tower. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationary equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the *Hills M2 Upgrade Noise Management Fact Sheet* which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au)

**The community complaints and information line 1800 196 266 (select option 2)** will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity. If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Regards

Sanjin Muhic
