Dear resident,

**Re: Night work at the Windsor Road eastbound on ramp starting 5 September**

The Hills M2 Upgrade will widen the existing motorway between Windsor Road, Baulkham Hills and Lane Cove Road, North Ryde and will deliver four new ramps to improve access to the motorway. The project aims to provide efficient and integrated transport for the community of Sydney's North-West. Major work started in January 2011 and is expected to take approximately two years to complete.

The concrete safety barriers along the eastbound on ramp will be realigned to improve the flow of traffic merging onto the motorway.

Due to the high volumes of traffic during the day this work will be undertaken at night from 8pm to 5:30am. This work is scheduled to take place on the dates shown over the page.

Machinery and equipment used will include line marking vehicles, a crane and lighting towers. You may experience increased noise levels as a result of the work. The project team will take measures to keep this to a minimum, including:

- Using non-tonal reversing alarms, which make a "quacking" sound instead of a "beeping" sound.
- Shrouding all stationery equipment and using hoarding where possible.

For more information about how we will manage noise, please refer to the M2 Upgrade Noise Management Fact Sheet which is available on the project website [www.hillsm2upgrade.com.au](http://www.hillsm2upgrade.com.au)

**The community complaints and information line 1800 196 266** will be attended day and night during construction. Complaints will be responded to within two hours and investigation of the complaint will proceed at the earliest opportunity.

If you have any questions or would like to provide feedback please contact the project team on the 1800 number or email [enquiries@hillsm2upgrade.com.au](mailto:enquiries@hillsm2upgrade.com.au).

Regards

Sanjin Muhic

Hills M2 Upgrade Community Relations Manager

**Hills M2 Upgrade  
breakdown safety**

In the case of breakdown:

- Stay in your vehicle
- Switch on your hazard lights
- Call 1800 196 266
- Wait for assistance
